# FINAL PLAT: BUFFALO MOUNTAIN, PHASE I

10:49:06 AM

Members present:

Chairman Joseph D. Brenneman Commissioner Gary D. Hall Commissioner Dale W. Lauman

Others present:

Assistant Mike Pence, County Attorney Jonathan Smith, Planning & Zoning Director Jeff Harris, Planner Alex Hogle, Eric Mulcahy, John Chvilicke, Dennis Duty, Tim Himdervnam, Clerk Kile

Hogle entered into record Staff Report #FFP 07-48. He then reviewed the application submitted by Buffalo Mountain, LLC, with technical assistance from Sands Surveying for final plat approval of Buffalo Mountain Phase1; a subdivision creating 35 residential lots, 1 community/ recreation lot, and dedicating 87.361 acres of land as perpetual open space. The site is accessed from Smith Lake Road south of Hwy 2, west of Kalispell. Preliminary plat approval was granted on December 16, 2005, subject to 22 conditions.

Discussion was held relative to Phase 1 and Phase 2 in regards to the roads and DEQ approval.

Eric Mulcahy spoke about condition #21 that states the subdivision is to work with the neighboring water districts to make a determination and come up with a monitoring program, so when they start pumping from the aquifer essentially they will not impact the neighboring water systems. He then added when they applied for water rights for the system that neighboring property owners had the right to appeal.

Commissioner Hall made a **motion** to approve the SIA for Buffalo Mountain, Phase I and authorized the Chairman to sign. Commissioner Lauman **seconded** the motion. **Aye** - Brenneman, Hall and Lauman. Motion carried unanimously.

Discussion was then held relative to when to expect the water rights to be finalized.

Jeff Harris stated that staffs concern is that when the county approves final plat that you now can sell lots, and in this case there is no alternative of getting a community water system, because the lots are too small for individual wells and in the event you don't get a water right permit, then there will be a situation where there are platted lots without a community water system.

Eric Mulcahy said that the developer has an interest in seeing this through.

Tim Himdervnam said that the time table is around the first of March for approval.

John Chvilicke said that they have met DNRC requirements for water rights.

Chairman Brenneman asked County Attorney Jonathan Smith if the county had any liability when approving a final plat; when they may or may not have water rights guaranteed.

County Attorney Jonathan Smith said that there is some risk in regards to water rights.

Chairman Brenneman then said that condition #15 has on the face of the final plat: "This plat has not been reviewed or approved for individual sewer or water facilities, which should put the buyer on notice."

Commissioner Hall made a **motion** to approve final plat for Buffalo Mountain, Phase I. Commissioner Lauman **seconded** the motion. **Aye** - Brenneman, Hall and Lauman. Motion carried unanimously.
